Jeanne:

Please forward the letter that went out and we will figure out who from OGC will participate in the call. My only availability next week is from 1:30 until 3:30 on Thursday, 6/14 but it is likely that the only OGC attorney you will need for this call is Steve Hess.

Dear Jim, Steve and Pooja,

Thanks for your earlier advice regarding Chesapeake's request that we provide insurance for our monitoring wells to be installed on their well pad as part of our prospective case study. We sent them a letter which contains the response you recommended. I will forward you a copy of the letter we sent. They would like to have a meeting that includes you on this topic. They may ask for this opinion in writing. We're looking at setting up a meeting early next week. When might you be available for a phone meeting?

thanks,
Jeanne

Hi Stephanie,

As we discussed today, EPA would like to confirm that, as we stated in our letter of 5/23, the federal government self insures, and that this arrangement is acceptable to Chesapeake before we invest in the site characterization. I will set up a meeting with our general counsel's office. What is your availability for Friday and early next week?

Thanks,

Jeanne

Ramona and Jeanne –

It did come as a surprise that EPA is not moving forward with site characterization due to the liability issue associated with the horizontal wells which may or may not be drilled. Given this information, we now appreciate the need to resolve this issue post-haste. We believe we will require a conversation with your attorneys – could you send us their contact information or set up a meeting for our attorneys with yours? At a minimum, we will require something written from OGC I believe. In any case, a phone conference would be helpful to schedule as soon as possible.

Thanks, Stephanie

Thank you,
